

An Experienced Paw

Jay (the red fox) takes his friends, some more eager than others, to The Raised Tail 'pub' for a good time.

The Raised Tail is a decent-sized pub with accommodation some way out of the town. Despite the secluded location, it is always busy and a known place for gay furs to relax and meet up with others, or hook up. The pub has tasteful back rooms for those wanting to get to know one another a little better and the bathrooms are ~~two~~ equipped with gong holes at the rear.

Jay quickly makes a move on a younger, nervous looking Arctic fox. -- They chat briefly, the Arctic fox giving a fake name, but they are both there for the same reason. They go to one of the back rooms

and the inexperienced 'Lee' submits to Jay's greater experience. Jay gives the fox a paw job, eventually coaxing him to allow Jay to give him a blow job, the fox ending by cumming in Jay's muzzle.

Jay tries to convince Lee to return the favour but he is scared and scrampers. Frustrated, Lee stays in the back room, only to be attempted by a fur who doesn't reveal themselves. The fur, behind the door, tells him to turn around and he would be well looked after. Trusting the establishment, Jay does so, allowing a black furred canine to fuck his tail (not knowing) until both cum, the canine's paw wrapped around Jay's cock.

Jay is left to recover while his temporary lover slips out of the room.
